

# Enex TestLab Introduction

# ENEX TESTLAB

Founded 1989 RMIT University, Melbourne, Australia, commercialised as Enex TestLab 2005

Rigorous, Independent scientific testing, compliance and reporting services across all technologies.

Primary clients are Governments and Multinationals worldwide.

Australian success story, 22 years engaging and servicing over 90 industry sectors globally.

International laboratories and offices across Asia and Europe.

ISO 9001 certified and ISO 17025 accredited (NATA & UKAS).

Financially secure, solid trading history, no legal action or disputes.

Demonstrated track history of sensitive public projects in highly regulated industries. For example Enex TestLab is one of three licenced Accredited Test Facilities (ATF) delivering independent testing and certification in the gaming, wagering, lotteries and casinos industry globally for government regulators.

Other projects involve billions of dollars in government ICT procurement testing and contracts evaluation, road safety camera testing, broadband compliance testing, published media editorial/reviews, and server level Internet content filter testing.

Eight specialist testing divisions

# ENEX TESTLAB – SPECIALIST TESTING DIVISIONS
